

On April 13, after the failed 'Experience Regina' campaign announced its reversion to #TourismRegina, I posted the [following tweets](#), among others. These two used the hashtags #OldBoyz and #Menz in some form:

Pretty obvious they don't have an effing clue what they unleashed, nor how to handle it! [#MisogynyConfusesOldBoyz](#)

Methinks [#MayorMasters](#) has [#OldBoyz](#) or [#YoungWannabeOldBoyz](#) as advisors. Because otherwise, why would she spew this shite? [#YQR](#)

John Klein @JohnKleinRegina · Apr 13

[#YQRcc](#) Mayor is now pretending that [#HousingFirst](#) doesn't work despite providing no evidence that it fails. And there are regions of the world proving the contrary to her baseless claim. [twitter.com/kalemaclellan/...](https://twitter.com/kalemaclellan/)

Maybe I should be frightened that today, I received a hate email, but I'm not. I'm just more angry and determined that we, the citizens of Regina, MUST get to the bottom of the Regina Exhibition Association Limited (REAL) bs around the rebrand. And it is bs. I mean, does this even make any sense?

So do you hate all men? Or just the three tooth inbred, intellectually devoid Canadian men?

Your tweets are garbage and if a layperson were to try and decipher them, they'd kill themselves.

Hey way to push your capitalist ideology and hock your books.. kudos.

Your Twitter feed looks like someone two toes from Down syndrome got an iPhone.

A clean Regina is a happy Regina.

Hopefully people at least buy some of your literature.
